Approved course from another department
As a graduate student you enroll in classes yourself through the ISIS system (http://www.bloomu.edu/isis/student).

First check your course plan to see what courses you should take next. Login to ISIS (http://www.bloomu.edu/isis/student) and from there you will be able to add classes to your schedule. You will know when classes were added and can verify your schedule for the semester. If a class is filled you do need to contact your advisor Dr. Nicholson (mnichols@bloomu.edu) and the professor of the course directly to request permission to be added to the class.

The Registrar’s Office has some online tools that are helpful when scheduling – especially the online course list. These tools are at: http://www.bloomu.edu/registrar/students

You can also search for classes using this link: http://adminapps.bloomu.edu/coursesearch/search

If you have any questions please don't hesitate to ask!

Cheers, Dr. Nicholson
